CENVEO'S BOARD RESPONDS TO BURTON CAPITAL MANAGEMENT

ENGLEWOOD, Colo. (April 8, 2005) – The Board of Directors of Cenveo™ Inc., (NYSE: CVO) today issued the following response to a letter received from Burton Capital Management, LLC, which was included in a filing on Schedule 13D made by Burton with the Securities and Exchange Commission.

Dear Sirs:

This letter is in response to yours dated April 7, 2005 to the Cenveo, Inc. Board of Directors.

While we disagree with virtually all of the assertions made in your letter, we agree that the stock of Cenveo has been significantly undervalued by the market at large. The Board of Cenveo has not been “dismissive” of any proposal made to it. Rather, working closely with its financial and other advisers, this Board has met and will continue to meet its fiduciary responsibilities in seeking to maximize long-term shareholder value. Based on our analysis, presently we believe that maximization of long-term shareholder value will be best achieved by the successful execution of the Company’s strategic plan. Of course, consistent with our fiduciary duties, we continue to update our analysis and monitor available options.

-more-

We will continue our concentrated efforts to hire a CEO to take the place of our departing CEO, Paul Reilly. The roles of the new CEO and Chairman will be separate as a matter of good corporate governance. We are working with a widely-respected executive search firm to identify suitable candidates for the CEO position, and we have in place a comprehensive process to help us identify the best possible candidates.

We have consistently communicated to our shareholders, customers and employees that we are firmly committed to maximizing shareholder value. No action has been or will be taken by this Board that is contrary to that commitment.

Sincerely,

Susan O. Rheney, Chairman
On behalf of the Cenveo Board of Directors
