In the prepared remarks, as well as in response to your questions, management may make forward-looking statements. It should be understood that all such statements are subject to various uncertainties and risks that could affect their outcome. Factors which could cause or contribute to such differences include, but are not limited to; the ability to execute strategic initiatives, economic conditions, product demand and sales, ability to obtain assumed productivity and cost savings, interest rates, foreign currency exchange rates, paper and raw material costs and the ability to pass them through to customers, waste paper prices, postage rates, union relations, competition and competitors' actions, availability of financing, and changes in the direct mail industry. Please refer to the company's 10-K, 10-Q and other SEC filings for a more detailed discussion of these and other risks. None of management's statements in the conference call will constitute an offer to sell or a solicitation of an offer to buy Cenveo securities.
